

REPORT

COINSWITCH KUBER

Step-by-Step Process

Step 1:

Choose Your Crypto Exchange

You are required to sign up for either **CoinSwitch Kuber** or **BingX**.

- **CoinSwitch Kuber:**
CoinSwitch Kuber is a user-friendly platform that supports various cryptocurrencies for Indian users.
- **BingX:**
BingX is a global crypto exchange with features for spot and derivative trading.

Step 2:

Sign-Up for CoinSwitch Kuber or BingX

For CoinSwitch Kuber:

1. **Visit the CoinSwitch Kuber Sign-Up Page:**
 - Use the provided link to navigate to the CoinSwitch Kuber registration page.
2. **Enter Account Information:**
 - **Email Address:** Enter your valid email address.
 - **Password:** Create a secure password. Ensure it is strong (a mix of letters, numbers, and symbols).
 - **Referral Code (if available):** If there's an option to enter a referral code, do so to unlock any potential bonuses.
3. **Click "Sign Up" or "Create Account"** to proceed.

For BingX:

1. **Visit the BingX Sign-Up Page:**
 - Use the provided link to navigate to the BingX registration page.
2. **Enter Account Information:**
 - **Email Address:** Provide your email address.
 - **Password:** Choose a strong password to secure your account.
 - **Referral Code (if applicable):** Enter any referral code for bonuses.
3. **Click "Sign Up"** to create your account.

Step 3:

Verify Your Email

- **Check Your Inbox:**

After registering, you will receive a verification email. Open the email and click on the verification link to confirm your email address.

Step 4:

Complete KYC (Know Your Customer) Verification

To fully activate your account and access all trading features, you will need to complete the KYC process.

1. **Submit Identification Documents:**

- Upload a government-issued ID (e.g., passport, driver's license, or Aadhar card) to verify your identity.

2. **Verify Your Phone Number:**

- Some platforms may require phone number verification for added security. You will receive an OTP (One-Time Password) on your phone.

3. **Complete Selfie Verification (if applicable):**

- Take a selfie in real-time, following the platform's instructions. This step may be required for facial recognition.

Step 5:

Explore Platform Features

Once you've completed the registration and KYC process, explore the following features:

1. **Wallet Balances:**

- Navigate to the **Wallet** section on the platform to check your current cryptocurrency balance.
- This is where your assets will be stored once you start buying or trading crypto.

2. **Market Charts:**

- Explore the **Market** or **Charts** section to observe how different cryptocurrencies are performing.
- You can filter the market to view top-performing coins, price changes, and other relevant data.

3. **Trade History:**

- Access the **Trade History** section to view your past transactions, trades, or orders that you've executed on the platform.
- This helps in keeping track of your crypto activity.

Step 6:

Share Your Verified Account on LinkedIn

- **Take a Screenshot:**
Once your account is fully verified, take a screenshot of your account dashboard or verification confirmation page.
- **Create a LinkedIn Post:**
 - Log in to your **LinkedIn** account.
 - Share a post with the screenshot, announcing your successful registration and first step into the crypto world.
 - You can add a message such as, "Excited to start my journey in crypto! #Crypto #CoinSwitchKuber #BingX #Blockchain #BTC"
- **Encourage Others:**
Inspire others to explore crypto by sharing your experience and encouraging them to follow in your footsteps.

Step 7:

Claim Free BTC (if eligible)

- **BTC Reward:**
By completing the registration and verification process, you may be eligible for a free BTC reward worth \$20, as mentioned in the task description.
- **Check Terms and Conditions:**
Make sure to review the reward eligibility terms and conditions on the platform. Some platforms may require you to make a small trade or complete additional actions before the reward is credited.

Conclusion

Skills Gained:

- **Crypto Account Setup:** Learn the process of registering and verifying your account on trusted crypto platforms.
- **Platform Exploration:** Understand key features like wallet balances, market charts, and trade history.
- **Crypto Market Analysis:** Get familiar with how to navigate the crypto market and assess coin performance.
